	\$ 4,360 60

The sidewalk construction for 1931 was done on North Street, where two sections of new walk were built at a cost of \$1,137.28.

A sum of \$521.17 was used for new storm sewer construction to take care of surface water on the streets. The greater part of this improvement was at the intersection of the streets near Forester's Hall and at the corner of West and Cain Streets.

Due to the large increase in the automobile traffic through our town last year, it was felt advisable to have a uniformed traffic officer on duty at various times throughout the season. A number of caution and danger signs were also erected to warn the traveling public.

The Overseer of the Poor account shows an expense of \$4,360.60. This amount would have been considerably greater had it not been for the fact that several of those in need of assistance, who were able to work, were provided work under the supervision of the Road Commissioner and paid out of the Highway Account.

The Treasurer's books show that the Town closed the year with a credit balance of \$1,677.40 in the Town General Account and a credit balance of \$1,059.83 in the Permanent Highway Account.

We have omitted in the Town Report to list in detail each of the various orders drawn by the Selectmen, Overseer of the Poor and Road Commissioner. These records are on file with the Town Treasurer and are available to any taxpayer for inspection.

RESURFACING

The East Road to the Rutland line was retreated with a light coat of Tarmac, covered with sand and dragged. The cost of this work was \$818.47, the State paying two thirds or \$545.65 and the Town paying one third or \$272.83.

East Street to the Pittsford Town line was improved by banking curves and some grading, and given two coats of Tarmac, covered with sand and dragged. The cost of this was \$1,338.42 divided equally between the State and Town.

The sum of \$1,204.67 was spent in resurfacing with crushed and bank gravel, several stretches of the selected portion of the West Road; the State paying \$455.00 and the Town \$749.67.

The unselected road funds were spent on the south end of the West Road which had given a great deal of trouble as the frost went out. \$1,272.12 was expended, divided \$450.00 from the State and \$822.12 from the Town.

Much gravel was used to replace traffic wear on the Florence Road, the cost of which is included in the Maintenance item for selected roads. Several village streets were resurfaced or patched with gravel the cost of which is included in Maintenance item for unselected roads and village streets.

DUST LAYING

The Calcium Chloride carried over from last year was applied on the village streets. The entire East Road now being either concrete or tarvia, no dust laying service was required there. The State treated most of the Florence Road during the heaviest of the detoured traffic. The Town applied about three fourths of a ton of Chloride to complete the job. Chloride is now used with sand or cinders during icy periods and five tons was recently purchased nearly all of which is still in stock. \$158.58 was expended for stock on hand and application of left over stock.

IN GENERAL

The Road Commissioner is expected to look after many Town projects. The financial report indicates some of them, and the amounts expended were collected as shown. The drainage program started a year or two ago was continued and \$521.17 expended. \$125.43 was spent in tree trimming and removal of worm nests. Brush removal along the road sides is not included in this work. The old wooden bridge on Patch Street has been replaced by corrugated iron pipes and filled. The item of \$79.79 is for labor only as the pipes were paid for from the General Fund. Arrangements were again made to have the East Road placed under State patrol service at a cost of \$330.00 for the season. All snow removal work and sanding are included in the item of \$486.74 and the State refunded \$104.06 for plowing on selected roads. \$283.53 was spent in replacing, repairing and painting guard rails. The two Maintenance items are among the larger expenses. Detoured traffic made these somewhat larger than usual and the Florence Road will require considerable more work the coming season.

No additions were made to Town equipment except hand tools to replace those worn out. The light road machine is getting badly worn as is much of the other equipment. Satisfactory arrangements were made for hiring truck service so that none was purchased.

HEALTH OFFICER'S REPORT.

The record for 1931 shows a marked decrease in the number of contagious diseases. No case of scarlet fever or diphtheria has occurred in our community during that period. There have been reported 23 cases of chicken pox, 4 of measles, 14 of whooping cough, 3 of German measles, 24 of mumps, 2 of undulant fever and 1 of poliomyelitis. Consequently, only one family has been subjected to full quarantine, while 50 families have been slightly inconvenienced by a modified quarantine.

Last June under the auspices of the Proctor P. T. A. the pre-school children were inoculated against diphtheria. The opportunity for this immunization was also offered to younger children, of which many took advantage.

In the summer fears were expressed that the water in the swimming pool had become polluted. Samples of the water taken from different parts of the pool on four different dates were sent to the State Laboratory for analysis. Unpolluted water was reported on each sample.

Milk from each dairy supplying the Village milk routes were taken and sent to the Laboratory in August, September and December. All samples were physically clean and up to the standard, but an abnormally high bacteria count was found in each sample. Any possible harm from an excess of bacteria in the milk can easily be obviated by home pasteurization. This process would also kill any undulant fever germs present in the milk.

Water from the village supply has been examined quarterly. Each report has been that the water was pure and free from contamination.

WARNING

The legal voters in Town Meeting of the Town of Proctor, Vermont, are hereby warned to meet at the Village Hall, in the Village of Proctor, on Tuesday, the 1st day of March, A. D. 1932, at 1:00 P. M., to vote on the following matters, to wit:

1. To choose a Moderator to govern said meeting.
2. To see if the Town will empower and authorize the Selectmen to appoint one or two Road Commissioners.
3. To choose the necessary Town Officers for the ensuing year.
4. To see if the Town will vote to raise more than twenty cents on the dollar highway tax as required by law.
5. To see if the Town will vote to raise money by taxation or otherwise to pay current expenses, the State flood tax, and the indebtedness of the Town, and to see when the same, and other taxes that may be voted, shall be payable.
6. To see if the Town will vote to accept the provisions of Sections 889 and 895, inclusive, of the General Laws, for the collection of taxes by the Town Treasurer.
7. To see if the Town will vote any compensation to Town Officers.
8. To see if the Town, under the provisions of Section 1463 of the General Laws, will vote to contract with the Proctor Free Library to furnish books to the inhabitants of the Town free and to appropriate money therefor.
9. To see if the Town will vote to authorize the Selectmen to borrow money for the temporary use of the Town.
10. To see if the Town will vote to defray expenses of surety bonds where bonds are required by law.
11. To see if the Town will vote to raise money in excess of the amount required by law to be expended in improving its highways and in accordance with the provisions of Section 4591 of the General Laws and amendments thereto.
12. To see if the Town will vote to appropriate money for the care and embellishment of the Riverside Cemetery; and if so, how much?
13. To see if the Town will provide for the laying of dust on the streets in the Village of Proctor by sprinkling or otherwise, and if so, to appropriate money therefor.
14. To see if the Town will authorize the Selectmen to widen the highway known as Main Street, including the marble bridge crossing Otter Creek and the bridge crossing the railroad track, and if so, to appropriate money therefor.
15. To transact any other business that may come before said meeting.

NATHANIEL C. PETERSON,,
JOSEPH F. SHERLOCK,
GEORGE W. HOWE,

Selectmen.

Proctor, Vermont, February 15, 1932.
